## III. REQUIREMENTS AND DESCRIPTION OF SERVICES

### A. SCOPE OF WORK

The proposal will provide for the acquisition and delivery of those items listed in the “Technical Requirements” section below.

### B. DISCOUNT FUNDING

The cost for all related recurring and non-recurring services will be submitted to the Schools and Libraries Division (SLD) as part of the Universal Service Fund “E-Rate” discount program. Because of this, it is necessary for all eligible internal connections components, including both non-recurring and recurring cost, to be clearly specified on the successful proposal. Furthermore, and pursuant to SLD E-Rate discount application procedures, the proposal response must indicate non-discounted costs for all equipment and services. Upon proposal acceptance, any and all invoices for eligible equipment and services must specify only the discounted amounts (i.e., those amounts for which the Universal Service Fund will not reimburse Reseller.)

The final purchase of these equipment items will be dependent upon approval of the discount applications from the SLD. The Meadowland Charter District shall reserve the right to modify quantities depending upon available funding and discount approvals.

### C. TECHNICAL REQUIREMENTS

The successful Reseller must provide equipment as an authorized or certified reseller in accordance with such definition as stated or equivalent.
